

LES RÉSIDENCES VALMONT
RESIDENCE BONVICINI
ARTWORKS COLLECTION
VENICE

INTRODUCTION

Art and beauty, Maison Valmont's two intrinsic values, have been joined by a third, hospitality, inspired by the chosen lifestyle of the Guillon family, the group's owners and driving force.

Résidence Bonvicini has its own powerful character, expressed in its artistic, intimate atmosphere and the exclusive, personalised welcome given to each of the family's selected guests.

It translates Didier Guillon's unique signature and avant-garde vision into a sumptuous Venetian building, nestling between the cupolas of Saint Mark and the Campanile. The rooms and walls of this authentic place, built in the sixteenth century with architectural element typical of Venetian Renaissance, are resonant with the magic of the various works of art, items of furniture and other unique objets d'art the owner has brought back from his travels.
