CHALET CAPUCINE
ARTWORKS COLLECTION
VERBIER

INTRODUCTION

When Art Meets Beauty, two intrinsic values of Valmont Group, have been joined by a third, hospitality, inspired by the chosen lifestyle of the Guillon family, the group's owners and driving force.

Chalet Capucine has its own powerful character, expressed in its artistic, intimate atmosphere and the exclusive, personalised welcome given to each of the family's selected guests.

It translates Didier Guillon's unique signature and avant-garde vision into an authentic Chalet nestling in the heart of Verbier where culture, nature and sport meet.

The rooms and walls of the Residence offer a cosy ambiance where artworks from around the world have been wisely picked by Monsieur Guillon's esthetic eye. Perched on a sunny, south-facing plateau, Chalet capucine offers a breathtaking view on the Massif des Combins.
