# INTRODUCTION

## Les Résidences Valmont : Hydra, Villa Valentine

*When Art meets Beauty and Hospitality*, the motto of the Valmont Group, welcomes a new dimension, Hospitality, inspired by the lifestyle of the Guillon family.

Representing the group's Hospitality value, Les Résidences Valmont have been named after Didier Guillon's children and are conceived as family places where art is omnipresent.

The choice of Hydra for the installation of this seaside residence appeared to be an evidence: located an hour and a half from Athens, the island has been a retreat since the 1960s, a source of inspiration for international artists and a place where many of them gather once the summer comes.

Clinging to the cliffside, Villa Valentine is conceived as the idyllic summer residence. In the pure tradition of Greek island architecture, the villa was built in stone covered with white lime to reflect the sun's rays and keep the interior fresh.

Villa Valentine is a two floors house with a fabulous, elevated, terrace, only a few meters from the sea, where you can relax, enjoy the warm summer evenings and watch the sunset over the Aegean Sea.

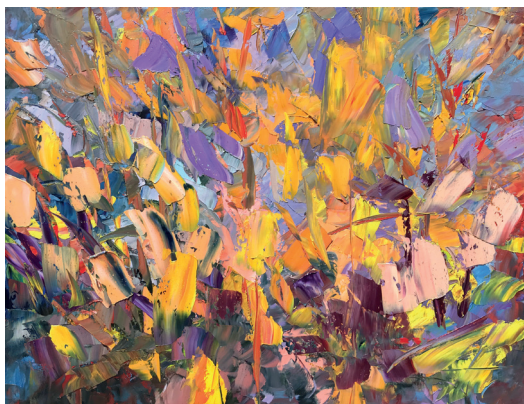

As per the other Résidences, contemporary art has been central to the design of the villa: Didier Guillon selected breath-taking artworks hosted in pastel interiors and surrounded by upholstery fabrics.
